

TMCP Audit — Tag + Billing — 2026-09-25

Run: `node projects/tool-jobber/scripts/tmcp-billing-audit.mjs 2026-09-25` Source: live Jobber sweep, 894 live jobs across all 8 non-archived statuses. **Read-only — nothing was changed.** Data: `data/2026-09-25_tmcp-billing-audit.json` · `data/2026-09-25_tmcp-jobs.jsonl` (761 rows) Compares against the 09-15 run (10 days).

Headline

	09-15	09-25	
Live TMCP jobs	747	761	+14
Distinct clients	724	738	+14
MRR (script)	\$81,577.18	\$83,967.18	+\$2,390
MRR (corrected, +\$618.75 yearly-schedule fix)	\$82,195.93	\$84,585.93	
Jobs missing the tag	3	4	3 real + Trent Bryan
MRR behind the tag gap	\$425	\$1,480	\$1,280 excl. Trent
Jobs with a billing defect	35	36	0 fixed, 1 new
Serviced with no recurring charge	10	10	—
Tagged Active with no live job	0	2	Rob Chadek, Hector Soto-Garcia
Autopay (by job)	29.3%	29.0% (221/761)	−0.3pt

1. Tag gap — 3 real misses, all new bookings

Both 09-15 misses (#8578 Eric Hill, #8579 Gurwinder Sandhu) are now tagged. The three new ones are all fresh jobs on clients with an empty tag list:

Job	Client	Age	\$/mo
#8628	Connie Schlimgen (Maple Valley 98038)	0d	100
#8629	Dustin Quaschnik (Maple Valley 98038)	0d	100
#8613	Steve Burns (Medina 98039)	4d	1,080 — see §3
#8219	Trent Bryan	57d	200 — WA semi-annual exception, not a defect

Tagged-at-creation this period: 11 of 14 new jobs (79%), in line with the 83% last run. Two of the three misses were booked today, so they may still be same-sitting lag.

New: two clients carry `TMCP - Active` but have no live job — Rob Chadek and Hector Soto-Garcia. Either the job was closed/archived and the tag should flip to Churned, or a job is missing.

2. Billing defects — 36 jobs, 1 new

Same 35 as 09-15, none fixed, plus:

- **#8358 Paul Watson** (Buckley, \$100/mo, created 08-11, monthly on last day of month) — `NEVER_INVOICED` . Should have billed 08-31; 45 days in, \$0 invoiced.

Breakdown (a job can carry more than one):

Defect	Jobs	Note
BILLS_YEARLY	16	8 are true prepays; 8 carry a monthly price on a yearly schedule (\$675/mo under-counted)
ZERO_PRICE	7	\$0 line item, serviced
NEVER_INVOICED	7	incl. new #8358
BELOW_FLOOR_NO_DISCOUNT	7	\$50/mo with no discount line item
NO_INVOICE_SCHEDULE	5	cadence NEVER
BILLS_QUARTERLY	4	Madera West is intentional (\$3,825/qtr)
BILLS_ON_CLOSE	3	Kaplan, Shah, Hewitt

3. Not flagged by the script but looks wrong — #8613 Steve Burns

\$1,080 on a **monthly** schedule, TMC price \$1,200 (=12 × \$100) with a 10% reduction. That is the shape of an annual prepay, but the schedule will invoice **\$1,080 on 09-30 and every month after**. If it is a prepay, the schedule should be yearly. Untagged too. Worth a look before month-end.

Fix list

1. Tag #8628, #8629, #8613 `TMCP - Active` .
2. Check #8613 Steve Burns schedule (monthly vs yearly) before 09-30.
3. Invoice #8358 Paul Watson — missed 08-31.
4. Resolve Rob Chadek + Hector Soto-Garcia: churn the tag or restore the job.
5. Standing 35 from 09-15 still open.
