

GOT MOLES?™

Logo Suite

It's crucial your logo is adaptable to various spaces. To achieve this, you have different logo variations.

Primary.

This should be used first if space allows for it. Use it on websites, footers, stationery, signage etc.

Secondary.

When the primary logo doesn't fit. Used on websites, printed materials and larger elements.

Logo Mark.

Used for smaller spaces like Social media profile pictures, stamps, favicon etc.

Assets

Illustrations can be used on their own or as a pattern swatch. Use this on websites, stationery, packaging, printed materials, social posts etc.

Colour Palette

The colour palette consists of primary, secondary, and accent colours, each carefully selected to convey your brand's identity. **CMYK:** Used for printed materials. | **RGB:** Used on-screen and for web design. | **HEX Code:** Used on-screen and for web design.
